

Matting

Project: The Broadway Bradford

Retail

“ We needed to specify a durable matting solution that could cope with the high number of daily visitors which we experience at The Broadway. We are delighted with the standard of the new matting. It gives the entrances a sleek, modern and professional appearance, creating a welcoming first impression to visitors. ”

Dave Downes
Deputy Centre Manager

The Broadway is a shopping centre in the heart of Bradford that has over 70 stores, along with a selection of coffee shops and restaurants.

Gradus' Esplanade 6000 primary barrier matting in closed construction with Boulevard 6000 wipers in Nightfall was installed at five different entrances to the complex, providing an ideal matting solution for such a busy retail and leisure environment.

Esplanade 6000 features 100% solution dyed nylon wipers providing excellent soil and moisture retention whilst the patterned design helps to disguise the effects of soiling.

Esplanade 6000 helps to reduce the amount of tracked-in dirt and moisture, reducing maintenance costs and prolonging the lifecycle of the surrounding floorcovering whilst reducing the risk of slips and trips caused by wet flooring. Suitable for both foot and wheeled traffic Esplanade 6000 allows for an inclusive environment for all visitors to the centre in line with The Equality Act 2010.

Product Specified:

- Esplanade 6000 primary barrier matting with Nightfall wipers
