Project: Leeds Central Library

Leisure

“ Times Square offers excellent acoustic qualities which help to reduce noise levels, providing a peaceful environment ”

Karen Burman
Floorcoverings Product Manager

Leeds Central Library first opened in 1884 and houses the city library service's single largest general lending and reference collection, as well as hosting an adjoining art gallery.

During a recent refurbishment, Times Square carpet tiles were installed throughout the ground floor of the library in a variety of different colours. Times Square in Grey was installed with Light Blue, Lilac and Lime. The different colours help to create a contemporary feel and were installed to help differentiate different areas within the library.

Introducing a modern design to the traditional style of the building, the Times Square range offers excellent acoustic properties which make it the perfect choice for a library environment.

Times Square is suitable for a wide range of environments and features a unique design in 9 contemporary colours and offers versatility and creativity.

Product Specified:

- Product: **Times Square** (colourways; Grey, Light Blue, Lilac and Lime)
- Construction: Tufted Loop Pile
- Fibre: 100 percent Nylon Type 6
- Warranty: 12 year wear, lifetime anti-static
