Project: New Look Retailers, Weymouth Support Centre

Commercial

“ As a fashion company we were keen to have something stylish yet hard wearing, which at the same time would be forgiving in not showing up tea and coffee stains which is something that comes with 300+ staff. The final result was exactly what we wanted and looks amazing. ”

Sue McLaughlin
Facilities Manager

Located in the newly developed Weymouth Gateway site, New Look staff moved into their new office at the end of November 2012.

Complementing the modern interior of the building, Times Square carpet tiles in colour Grey were installed throughout the modern 3 storey building. The Times Square range offers excellent acoustic properties, making it the perfect choice for a busy office environment.

Esplanade Plus primary barrier matting was installed to the main entrance and Boulevard 5000HD secondary barrier carpet to all side entrances, both in colourway Jackdaw (black) helping to reduce tracked in dirt and moisture and reduce overall maintenance costs.

To help define the step edge, Aluminum XT stair edgings (GXT11 on the main staircase and GXT51 on the back staircase) were installed with Snowdrift interior inserts, reducing the risk of slips and trips and helping create an inclusive environment in line with the latest legislation and guidelines.

Product Specified:

- [Times Square](#) - Colourway: Grey
