Static Electricity - ISO 6356: <2kV

Flammability

Fire rating – BS EN 13501-1: Class Cfl-s1

Warranty: 10 years wear warranty

Fixing: adhesive – as per manufacturers instructions

Description

Boulevard 7000 is constructed from 100% solution dyed nylon yarn and incorporates a heavy scraper fibre for optimum dirt removal and moisture retention. The range is available in a choice of four colours in sheet format. Boulevard 7000 can be used in conjunction with a primary entrance mat and in some situations can be used as stand-alone matting in entrances and access points. It is also ideal for use in areas of a building prone to soil and moisture damage such as lifts and canteen areas or in areas of heavy wear such as reception areas or corridors.
