floorcoverings

[St Leonard's Catholic School](#) in Durham chose Latour Stripes carpet tile to provide a hard-wearing but attractive carpet in teaching, administration and study areas throughout the school

barrier matting

a combination of primary and secondary barrier matting was used in the reception area of [Godalming Junior School](#) to provide an attractive entrance that also increased the life expectancy and reduced the maintenance costs of surrounding floorcoverings

stair edgings & floor trims

specialist stair edgings for ceramics were used to reduce slips, trips and falls on all the main staircases at [Clydebank College](#) campus, helping to create a safe learning environment

wall protection systems

a bespoke design in Sanparrel PVC-u protective sheet was chosen by [Heyday Pre-School](#) to provide a low maintenance wall covering that also offered a fun, interactive learning tool

lighting

A unique lighting system was designed and installed to enhance the aesthetics and functionality of the state-of-the-art Media Factory at [UCLan](#), and to reflect the modern creative environment

soft furnishings

[The University of Hull](#) estates office selected a tailored package of bedding, curtains, nets, tracks and blinds to help create high quality residential accommodation for students and visitors
