

Carpets

Project: Eastbourne Crematorium

“Our carpets are an excellent choice for busy environments as they excel in terms of functionality, aesthetics and ease of maintenance”

Karen Burman
Marketing Product Manager

Eastbourne Crematorium's main chapel and foyer has recently undergone a major refurbishment. The chapel, which originally opened in January 1960 has been transformed with clean fresh walls and light oak furniture.

As part of the refurbishment, Gradus' Lafite Connect Space carpet was installed in plank format, helping to create a modern and welcoming feel to the chapel. Manufactured from solution dyed nylon, Lafite Connect Space offers a durable floorcovering suitable for the daily use from staff and visitors.

Lafite Connect Space features a linear design and is available in both tile and plank format offering versatility and the opportunity to create unique floor schemes. Lafite Connect Space can be combined with the other designs within the Lafite Connect range (Plains, Stripes and Design) to create interesting and contemporary floor designs and is ideal for large spaces or feature areas.

Product Specified:

- Lafite Connect Space plank, colour: LCSPACE28
