**WESTERN PRIMARY SCHOOL,  
HARROGATE**

ASXT11 Aluminium Stair Edging, Freeway Carpet Colourway Fernblue

## Gradus XT stair edgings

### Product Specified:

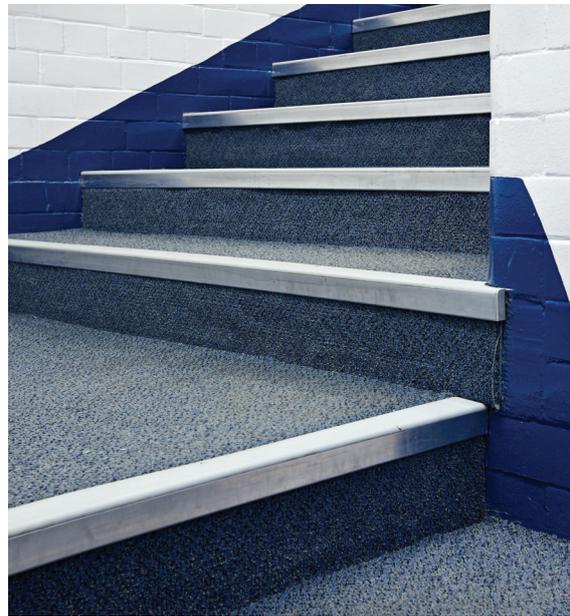

- ASXT11 Aluminium Stair Edgings, Insert Colour: Glacier
- Freeway Carpet, Colour: Fernblue

### Application:

Gradus ASXT11 stair edgings in Glacier insert, have been installed across two of the main adjacent staircases to compliment the Gradus Freeway carpet, in colourway Fernblue at Western Primary School in Harrogate.

Developed in line with the recommendation from BRE and the guidance in the building regulations 2000 Approved Document M (ADM), the XT range features an extended insert design for optimum foot contact and provides additional slip resistance around the leading edge of the stair edging, to ensure the foot contact is always made with the slip resistant element of the stair edging. The range also incorporates 55mm treads and both 40mm and 55mm risers to meet ADM and BS8300:2001 guidelines.

The insert colour chosen helps to define the step edge by providing a suitable colour contrast with the carpet, in line with BS8300:2009 and Approved Document M of the building regulations 2000.
