

Carpets

Project: The Meadows School, Leek

“ The carpet from Gradus has been installed in a design which is really unique and helps to create a friendly and fun environment for both staff and students. ”

Mr Williams
Head teacher at The Meadows School

The Meadows School is a day school for children aged between 11 – 19 years who have special educational needs.

Adventurer carpet from Gradus has been installed throughout the school in colours 'Lost Horizon' (purple) and 'Aquarelle' (green). The school includes a contemporary stained glass window and a large collage on one of the walls. These have both been specially designed in the children's favourite colours i.e. blue, green and purple. The two carpet colours from Adventurer have been installed together to create an interesting and unique design on the floor which complements the stained glass window, collage and surrounding interior.

Adventurer carpet is manufactured by Gradus in the UK and is produced with solution dyed nylon yarn with a recycled yarn content of approximately 30%. The range is also available with a 100% recycled backing (ER3). The environmental credentials of Gradus Adventurer fit perfectly with the schools environmental ethos and sustainable design.

Product Specified:

- Product: **Adventurer** (colourways – Lost Horizon & Aquarelle)
- Construction: Tufted Loop Pile
- Fibre: 100 percent Solution Dyed Nylon
- Warranty: 10 year wear
