

Carpets

Project: Spire Hospital, Southampton

Healthcare

“ Cityscene is ideal for busy environments which require a hard wearing surface that will withstand constant pressure from foot and wheeled traffic, without compromising on aesthetics. ”

Karen Burman
Floorcoverings Product Manager

Spire Southampton Hospital offers comprehensive private healthcare services to patients from Hampshire, the Isle of Wight, the south coast of England and the Channel Islands. The hospital specialises in cardiology, heart disease investigations and heart surgery.

In March 2010, the hospital completed a major refurbishment to its oncology department which provides private treatment and care for a wide range of cancers.

Cityscene carpet tiles from Gradus in colour Shale (Grey) have been installed throughout the oncology department at the hospital as part of its major refurbishment. The new refurbishment offers a fresh and contemporary environment for both patients and staff.

The Cityscene carpet complements the surrounding contemporary interior by providing a stylish floor scheme which helps to create a welcoming and relaxing environment for patients.

Product Specified:

- Product: **Cityscene** (colourway - Shale)
- Construction: Tufted Loop Pile
- Fibre: 100 percent INVISTA™ Polyamide 6.6 DSDN™
- Warranty: 10 year wear
