CI/SfB

(43) Tn6

Product information:

A cost effective barrier matting that is easy to install and maintain. Its ribbed design is resistant to compression and offers a superior alternative to coir matting, in line with the guidance in BS8300:2009+A1:2010 and Approved Document M of The Building Regulations 2010.

Barrier carpet provides an effective solution to reducing maintenance costs on surrounding floorcoverings and helps minimise the risk of slip on hard floor finishes. It can also, when maintained correctly, help protect the appearance of surrounding floorcoverings throughout their life. Boulevard 1500 is often used in conjunction with a primary entrance mat and in some situations can be used as a stand-alone matting in entrances and access points.

Designed to complement Esplanade 1500 primary barrier matting.
