(43) Tn6

Boulevard 6000 is constructed from ECONYL® regenerated solution dyed nylon yarn and incorporates a heavy scraper fibre for optimum dirt removal and moisture retention. The range is available in a choice of eight colours in either sheet or tile format.

Barrier matting provides an effective solution to reducing maintenance costs on surrounding floorcoverings and helps minimise the risk of slip on hard floor finishes. It can also, when maintained correctly, help protect the appearance of surrounding floorcoverings throughout their life.

Boulevard 6000 can be used in conjunction with a primary entrance mat and in some situations can be used as stand-alone matting in entrances and access points. It is also ideal for use in any area of a building prone to soil and moisture damage such as staircases, lifts and canteen areas or in areas of heavy wear such as reception areas and corridors.

The range is designed to complement Mat-in-a-Box 6000, Access 6000 and Esplanade 6000.

Boulevard 6000		
Specification		
Product Format	Sheet	Tile
Product Dimensions	25m x 2m	500mm x 500mm
Product Construction	Tufted Cut Pile	Tufted Cut Pile
Surface Yarn	ECONYL® Regenerated SDN	ECONYL® Regenerated SDN
Total Carpet Weight	3700 g/m²	4750 g/m²
Tufted Pile Weight	950 g/m²	950 g/m²
Primary Backing	Non-woven	Non-woven
Secondary Backing	pvc	Bitumen
Total Carpet Thickness	7.5mm	9mm
Pile Height	5mm	5mm
Performance Specification		
Classification BS EN 1307	Class 33	
Static Electricity ISO 6356	<2kV	<2kV
Flammability		
BS EN 13501-1	Class Cfl-s1	Class Bfl-s1
Warranties		
Wear Warranty	10 Year	10 Year
Adhesives
