ESP10ES12/ ESP10ES18: 30mm pvc edging strip for 12mm / 18mm mat

Description

Esplanade 1000 is a cost-effective primary barrier mat ideal for everyday use at entrances. Available in either open or closed construction and in two thicknesses (12mm and 18mm), the mat is suitable for use in interior or exterior locations subject to medium foot and wheeled traffic, such as high street shops, schools and offices. The mat is constructed of an aluminium base with either ECONYL® regenerated solution dyed nylon wipers for optimum soil and moisture retention or a black pvc wiper for scraping off dirt. Esplanade 1000 is easy to clean and maintain and can be manufactured to most shapes.
