Fixing: Mechanical (screw) fix – as per manufacturer's instructions

Description

The Gradus BHPA100 Bed Head Protector is designed to prevent damage to walls and wall mounted equipment from beds that are frequently moved around, elevated or inclined. The BHPA100 is supplied as a pre-cut packaged system for ease of installation. Package comprises a pair of pre-cut aluminium retainers, PVC-u covers and colour-matched PVC-u end caps. End caps include reveals to provide a tight, neat joint and contain an anti-microbial additive to inhibit the growth of bacteria. All PVC-u covers and accessories are non-reflective, through-coloured and textured to conceal the effects of impact and abrasion. Light Reflectance Values (LRVs) are detailed above for all colours.
